

**INCREASE EFFICIENCY** with ConocoPhillips products by extending drain intervals, up to 2 to 3 times your current drain.

**INCREASE UPTIME** using ConocoPhillips products due to more 'up-time' and therefore able to charge more hours.

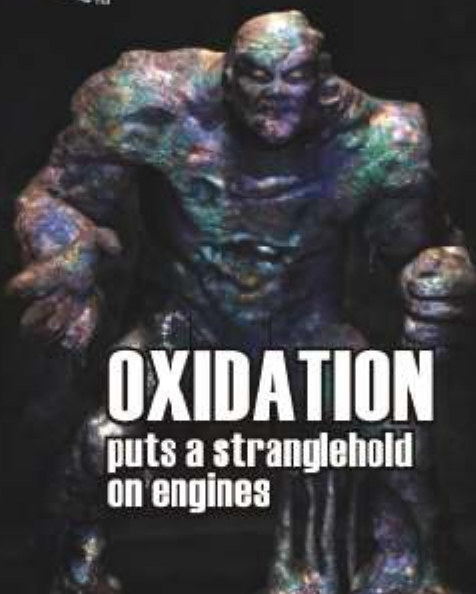

**BETTER FOR YOUR ENGINES** with ConocoPhillips products high quality synthetic performing lubricants which are specifically engineered and formulated for the unique requirements of all types of engines.

Introducing Guardol ECT-CJ4 with Liquid Titanium

**CORROSION**  
wants to devour  
your engine

**OXIDATION**  
puts a stranglehold  
on engines

**WEAR**  
relentlessly grinds  
down engines

Strike back and protect yourself with the power of our Guardol ECT formulation, now with exclusive liquid titanium. Liquid Titanium chemically bonds to engine parts as a molecular level, providing an extra shield of strength to help reduce wear. This CJ-4 oil also enhances protection against corrosion and other enemies that stalk your engine.

See the oil in action in our interactive 3D engine demo at [lubricants.conocophillips.com/TITANIUM](http://lubricants.conocophillips.com/TITANIUM)
